### WCA 60-90 (f) Waveguide Coax Adaptor 60-90 GHz (f) Part-No.: 05600020

### **Product Description**

#### **Description:**

This precise compact Adapter grips a signal from 60 to 90 GHz with a small insertion losses. They are available from 50 GHz to 110 GHz and also with a connector for the input interface in male or female. The stable connector of the flange has a long service life.

#### Features:

- small conversion losses
- slight mounting depth
- very compact
- marginal return losses
- available in male and female models
